Important Information for Members Regarding the CGSAC Membership Year

The CGSAC fiscal year runs from October 1st to September 30th annually.

The CGSAC membership year is a calendar year beginning January 1st ending December 31st annually.

At the February 2016 Board meeting, the Board passed a motion clarifying that a membership purchased by September 30th of each year will be considered a current year membership.

A membership purchased between January 1st, 2015 and September 30th, 2015, is a membership in good standing until December 31st, 2015.

A renewal of membership will be due for 2016.

Memberships purchased October 1st or later will be registered for the next calendar year.

For example; a membership purchased in October, November or December of 2015, is a membership in good standing ending December 31st, 2016.

*A Membership purchased before October 1st entitles a member to the discount fee to attend the Annual Gathering during that same year. In addition, such member is given voting privileges at the Annual General Meeting held during the Annual Gathering.

The Annual General Meeting takes place within 60 days of the September 30th fiscal year end; therefore, our Annual Gathering and Annual General Meeting typically take place in October or November.
